The school takes account of my suggestions or any concerns I may have.	94%
The school is led and managed effectively.	96%
Overall, I am happy with my child's experience at this school.	99%

Here are a few comments from parents/carers highlighting the excellent features of Dilkes Academy:

Always positive feedback from my child and great academic results. Professional, friendly and great environment.

Good learning experiences. The school gives my child a good education experience.

The greatest strengths of the school are professional staff and amazing teachers. The school is effective at communicating.

The greatest strengths are communication, carrying parents along the journey and the meal menu is now collaborative.

The daily reading and analysis and communication with parents are strengths of the school.

There is a real determination to get the children to succeed. Both my children are thriving and love school, I'm proud of them.

Kind staff who clearly care about the children's well-being and know them well.

My daughter's teacher is approachable and always has time to listen to my concerns and help in any way she can.

The greatest strength of the school is its ability to strike a balance between the academic part of schooling and at the same time, promoting other activities like cross-country sports, trips, after school clubs and involvement in all things cultures.

I just wanted to say we have been lucky again this year to have an amazing teacher Miss Rodgers - who is a confident and happy teacher/leader and a fantastic role model to my daughter - she has built an amazing rapport with my daughter which has really helped her be self-motivated to interact and learn independently which is amazing.

Very good communication with parents. Always putting the children's education at the forefront first to help them achieve their potential

My child's adult is amazing- I cannot praise her enough with everything she does - as well as reception teachers!

Teacher and TA always helpful and supportive when have a concern with my child. I feel the school has a calm and relaxed environment for students to learn effectively.

The greatest strength is they focus on learning and get their children ready for the following year. This ensure that children who have the ability to move forward does move on and children who are struggling can be looked after to ensure they are able to finish the year in line with progress.

Everything is well organised and we are delighted to be part of this good institution.

The school is a well organised institution and the staff working here are making it really special. Everyone needs to be acknowledged. They put great effort in their work. Teachers are the greatest strength, they work hard!

The communications so far has been consistent, very much appreciate email reminders and updates on top of the regular published newsletter.

Thank you very much for all your help and support.

As well as the positive comments we also value constructive feedback and take on board the suggested areas for improvement. Where we feel it is appropriate as a school we will act on these accordingly.

Yours Sincerely,

Mr R. Latham
Headteacher
