3<sup>rd</sup> November 2023

Dear Parents/Carers,

To support the pupils with their science learning and as a way of providing your child with further science experiences, the school has arranged for our annual science day to take place on Friday 24<sup>th</sup> November. Excitingly, our school has been chosen to be visited by The Royal Institution, where all classes will watch a science show titled 'We've Got The Power'. The Royal Institution is the largest national provider of science shows for schools, with a wealth of experience in making science for kids engaging and fun.

The Royal Institution are delivering a community show for parents and pupils. This will demonstrate science activities, to further ignite interest in science through demonstrations and interactive experiments. The community show will take place in our school hall at 3:30pm and will end at 4:30pm on Friday 24<sup>th</sup> November 2023.

The cost of the community show is £3.00 per ticket (all pupils and parents/carers will require a ticket). All pupils attending this additional show must be accompanied by a parent or carer. The money raised will be used to purchase new science resources for the school! Tickets will be sold on a first come, first served basis and can be purchased on Arbor under School Shop section.

This, we hope will be a very exciting and rewarding experience for your child and we hope you can join us.

Many thanks,

Mrs Nye

Deputy Headteacher
