

The theme for the month of October is

Diversity!

This month, we will be focussing on the topic of **diversity**. We are so proud to be a part of such a diverse community here at Dilkes

and we would like to celebrate that.

Don't forget to bring in your projects and also share photos of these on Twitter @DilkesAcademy with the hashtag #CommunityChampions.

Afua Hirsch

Research and create a fact file about Afua Hirsch. Find out who she is and what she has done in relation to her work on black culture, history and identity.

School Promotion!

Create a leaflet about our school! Add pictures and writing about our school community, it's diversity and why we are proud of who we are.

Cultural Cuisine

Describe the cultural cuisines your family identify with. You can even create a recipe book and add photographs of your favourite cultural dishes for everyone to see!

Nelson Mandela

Create a piece of artwork of Nelson Mandela. This could be using collage materials, paints or any other media you choose. Don't forget to add some facts to your masterpiece too!

Diversity Poster

Create a poster explaining what diversity means and why it is so important within the community and the wider world. Have fun with it and make it stand out. We may even display them around the school!

Language Learner!

Create a poster teaching others how to count or greet each other in a language you speak at home or one that is spoken in your community.
