

Hello Year 6,

I am so excited to remain in Year 6 and to share your last year at Dilkes together! Year 6 is my favourite year to teach and we have so many exciting things to look forward to- including the Tudors and the best book ever- The Hunger Games!

My weekends/holidays this last year have been spent renovating the house that I bought with my partner, Nick. I am now a dab hand at putting up plasterboard, painting and cutting skirting board to size. I am so pleased to say that we have recently moved into our new and improved house! That picture of me with the shower cap and

mask is because I became so fed up with constantly washing the dust out of my hair- fetching I know!

I am somebody who absolutely loves watching and playing sport. Basketball is my absolute favourite, and although I haven't found a team to play for since moving to Essex, I love to follow the WNBA and NBA teams, watching the highlights each evening so I don't have to stay up through the night. My partner used to play a lot of rugby and I have loved learning and finding out more about this sport. We make it our mission to go and watch England play at Twickenham every year and have a range of matching t-shirts/bobble hats for the occasion!

I hope you all have a restful summer and recharge those batteries ready for a great year. I cannot wait to get started!

Miss Rodgers
