

MEET THE TEACHER

Miss Nasr

HELLO THERE!

A big, warm welcome to Year 5! My name is Miss Nasr (pronounced like NASA), and I am absolutely thrilled to be joining Dilkes Academy as your teacher this year. I can't wait to start our journey of discovery and growth together in September! We are going to explore new ideas, learn exciting things, and make wonderful memories as a class. This is going to be an amazing year, and I'm so excited to meet you all!

IN YEAR 5 WE WILL LEARN:

Blast off into Year 5! Across English, we'll dive into texts like 'Holes' and write across exciting genres like journalistic reports. In Maths, we'll master the four operations, tackle fractions, decimals, and percentages, and develop our problem-solving skills using shape, space, and measures. We'll discover the wonders of Earth & Space in Science, while our Humanities journey takes us through time to study the Royal Family and Vikings, and across the globe to understand the water cycle, climate change, and America! In our classroom, our mission is simple: we are kind, we are creative, and we always try our best. By supporting each other and being ready to learn, we are going to have a truly stellar year!

MY FAVORITES

Colour: Blue

Drink: Iced Oat Latte

Food: Seafood (I love oysters!)

Shop: Any shop with candles

Hobby: Long walks

Season: Autumn to Christmas

Subject to Teach: Maths

Animal: Tigers
